

# European Union Open Data Portal: analysis and evaluation

Submitted on 05 Nov 2014 by Rosario Arquero Avilés

Rosario Arquero Avilés y Gonzalo Marco Cuenca (members of Publidoc-Complutense University Research Group, coordinate by Dr. L. Fernando Ramos Simón and Dr. Rosario Arquero Avilés) have published an analysis of the open data portal of the European Union as a data source and a single point of access to the data produced by other institutions and bodies of the European Union.

The aim of the article "[European Union Open Data Portal: analysis and evaluation](#)" is focused on addressing the study of its contents, standards on which it is based, as well as major datasets, formats and applications available.
