Quick facts

- Company: Municipality of Copenhagen
- Sector: Regions & Cities
- Product / service: Service
- Type of data: Parking spots and car details
- Origin: Denmark

Benefits

- Citizens can easily buy their parking licences online for all different types of licences and parking spots.

How Open Data is used

- Using Open Data, the webshop has access to all different types of parking spots ranging from residential areas to underground parking and short-term parking spots. In addition to that, the shop uses environmental considerations in determining the licence price for long-term parking.

Tilladelser til private

Beboerlicens

Til dig der bor i betalingsområdet og ønsker en årlig beboerlicens.

Værkstedlicens

Til dig der har en beboerlicens og har din bil på værksted.

Tidsbegrænset zone

Til dig der bor i en tidsbegrænset zone og ønsker en årlig beboerlicens.

Lånebilslicens

Til dig der har lånt en bil og bor i betalingsområdet.

Periodekort

Til dig der ofte parkerer i en betalingszone længere tid ad gangen.

Skrabebillet

Til dig der vil købe en skrabebillet i stedet for at købe p-tid i automaten.

Future plans

- Environmentally differentiated prices based on car type were introduced recently to the webshop. Further data might be included to support other political agendas.
