### Quick facts

-  Company: Invisible City
-  Sector: Education, Culture & Sport
-  Product / service: Application
-  Type of data: Cultural data
-  Origin: Lisbon

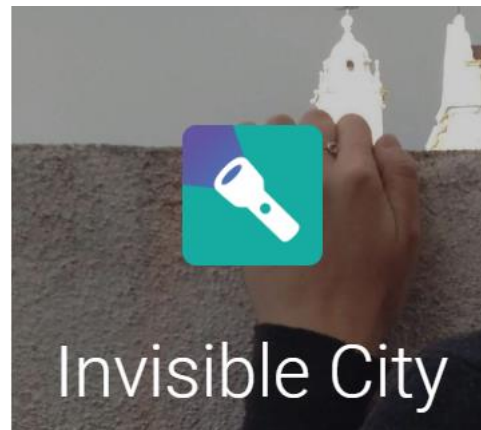

### Benefits

-  Invisible City is a free application that shows meaningful and curated cultural events in different cities.
-  The application promotes European values and contributes to cultural diversity inside and outside the EU.

### How open data is used

-  Invisible City collects data about cultural events from different countries and shows where events are in a map.

### Description

-  The Invisible City is a non-profit application that helps people discover 'hidden' cultural events around the world. The events shown on the application are selected independently based on their cultural merit. The application was created with the support of the Creative Europe program of the European Commission and the European Union National Institutes for Culture.
