

URL <https://www.statsperform.com/>**Quick facts**

 Company:	Statsperform
 Sector:	Education, Culture & Sport
 Product / service:	Website
 Type of data:	Sports data
 Origin:	Global

**Description**

Stats Perform shares data, sports research, news and video content. The service provides AI-powered solutions to sports media and broadcasters, technology companies, global brands, sportsbooks, teams, leagues, and fantasy providers. Automated Insights helps organisations make better decisions through the power of artificial intelligence and data-driven stories. Through a self-service platform that enables narrative customisation, real-time content updates, and an API for flexible publishing.

**Benefits**

The use of data in sports shows that data insights can be used in different sectors.

# STATS PERFORM

**How open data is used**

Statsperform provides users a data platform with open data. Available open data are, amongst others, results of sports matches, prizes and best performances of players.
