Quick facts

-  Company: Get There Ltd.
-  Sector: Transport
-  Product / service: Platform
-  Type of data: Transportation data
-  Origin: Ireland

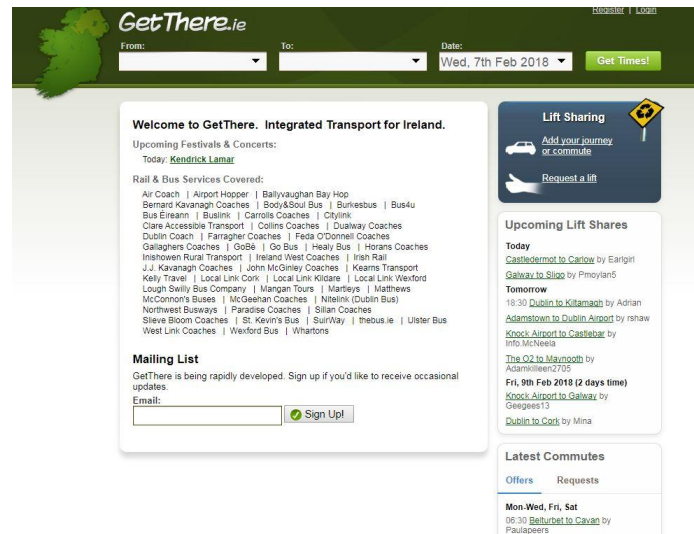

Benefits

-  GetThere provides a multimodal transportation platform for Ireland, including rail, public and private busses, as well as lift sharing.
-  It strengthens public transportation as well as other forms of sustainable mobility.

How Open Data is used

-  GetThere uses Open Data from 29 Irish transportation companies, for example Irish Rail and Dublin Bus, which was compiled by the National Transport Authority.

The screenshot shows the GetThere.ie website interface. At the top, there is a navigation bar with 'Get There.ie' and 'REGISTER | LOGIN' links. Below this is a search area with 'From:', 'To:', and 'Date:' dropdown menus, and a 'Get Times!' button. The main content area is divided into several sections:

- Welcome to GetThere. Integrated Transport for Ireland.** This section includes links for 'Upcoming Festivals & Concerts' (today: Kendrick Lamar) and 'Rail & Bus Services Covered' with a long list of providers like Air Coach, Airport Hopper, and various bus companies.
- Lift Sharing** section with a 'Request a lift' button and a 'Add your journey or commute' link.
- Upcoming Lift Shares** section listing 'Today' (Castledermot to Carrow by Enright) and 'Tomorrow' (18:30 Dublin to Kiltamagh by Adrian).
- Mailing List** section with a 'Sign Up!' button and a text box for email.
- Latest Commutes** section with 'Offers' and 'Requests' tabs, listing 'Mon-Wed, Fri, Sat' (06:30 Belfinet to Cavan by Paulapears).

Future plans

-  GetThere is an active platform with many different usage possibilities, but no specific future goals are known.
