 Company:	SLR
 Sector:	Environment
 Product / service:	Website
 Type of data:	Environmental data
 Origin:	United Kingdom

**Description**

SLR offers a wide range of advisory and environmental consulting services. They deliver advice and support from a network of offices in Europe, North America, Asia-Pacific and Africa. They help clients address their critical issues and meet their business objectives. Some of their clients across different sectors and countries are Coca-Cola in Namibia, OMV New Zealand Limited, and Hampden fields in the United Kingdom.

Benefits

SLR Consulting provides clients with valuable insights from open data regarding the environment. These data insights can improve and accelerate the transition to a circular economy and sustainable energy sources.

**How open data is used**

SLR consulting collects open data from the European, national portals and businesses (mainly in the energy industry) and conducts research with this data. They share relevant data insights with their clients. Their specialisation is in environmental open data, such as energy supply and demand of sustainable energy sources.
