

URL <https://medium.com/imin-ltd/>**Quick facts**

-  Company: Imin
-  Sector: Health
-  Product / service: Application
-  Type of data: Physical activity opportunities
-  Origin: United Kingdom

**Description**

Imin is a social good technology company that aggregates open data about physical activity opportunities. The application provides APIs for companies and developers to build the next generation of engaging digital health and wellness applications that help people be more physically active.

Benefits

-  Accessible – Opens all the physical activity data from providers across the world for all organisations to use and share.
-  Transparency – It provides a transparent marketplace of physical activity opportunities.

**How open data is used**

Imin aggregates open data about physical activity opportunities – such as empty squash courts and yoga class spaces – and provides a suite of APIs for organisations to build the next generation of engaging digital health and wellness applications designed to help people be more physically active.
