### Quick facts

-  Company: DataScouts (Startup Nation)
-  Sector: Economy & Finance
-  Product / service: Website
-  Type of data: Company information
-  Origin: Belgium

### Benefits

-  Provides a near real-time view of the activity and evolution of the Belgian Startup Scene, measuring progress in the frame of the Belgian Startup Manifesto.

### How Open Data is used

-  Besides the individual information provided by the startups registered on startups.be, the platform uses Open Data to build the capability to benchmark the startup scene against industry averages.

### Future plans

-  The main challenge is to build a solution to clearly benchmark the economic and societal impact generated by startups to the traditional industry.
