Quick facts

-  Company: Helsinki Region Infoshare
-  Sector: Public
-  Product / service: Application
-  Type of data: Public
-  Origin: Finland

Benefits

-  By visualizing where parking fines are handed out in Vantaa, car drivers know better where parking a car in the street is not allowed which will prevent people from being fined and will encourage them to use paid car parks instead.

How Open Data is used

-  Data on parking fines in the city Vantaa is mapped and published on the Helsinki Region Infoshare website.

Tässä ovat Vantaan pahimmat sakkorysät – 10 paikkaa, joissa sakko napsahtaa varmimmin

Vantaan pahimmat sakkorysät löytyivät odotetusti Tikkurilasta, seivästä avoindata.fi/palvelus_ainestosta

Other information

-  In Vantaa parking on the street is free. Therefore, paid car parks are under-utilised. To encourage people to make use of the paid car parks, Vantaa is changing more areas into 'no parking zones'.
