Quick facts

-  Company: Local Government Association
-  Sector: Government & Public Sector
-  Product / service: Local Government Inform
-  Type of data: Public sector performance
-  Origin: United Kingdom

Benefits

-  LG Inform strengthens the knowledge position of local government.
-  Public authorities use LG Inform to support (strategic) policies, promote transparency and engage with members

How Open Data is used

-  Government data is assimilated and organised (including data from the Office of National Statistics) into a free single point of access.
-  Data is presented in many interesting ways (e.g. heat maps).
-  The LG Inform tool can be personalised to each authority's needs. Users can tailor their own homepage dashboard to monitor important indicators and link to their own reports.

Future plans

-  The LG Association works on behalf of 400+ councils to ensure local government has a strong, credible voice with national government.
-  The LGA's data service, Local Government Inform (LG Inform), offers over 4,500 data items, allowing authorities to enhance their data approach and increase transparency with the public.
